

**U.S. DEPARTMENT OF AGRICULTURE  
WASHINGTON, D.C. 20250**

<b>DEPARTMENTAL REGULATION</b>		Number: 1043-018
SUBJECT: USDA Dam Safety Committee	DATE: September 18, 2013	
	OPI: Natural Resources Conservation Service	

**1. PURPOSE**

This regulation establishes a USDA Dam Safety Committee. Establishment is in the public's interest in that it will strengthen dam safety efforts in the Department and support the Executive Branch in the implementation of the "Federal Guidelines for Dam Safety."

**2. SPECIAL INSTRUCTIONS**

Departmental Regulation 1043-018, June 30, 2005, is canceled and is replaced by this regulation.

**3. FUNCTIONS**

This committee will coordinate and provide leadership to dam safety activities in the Department. It will assist in defining needs and in implementing procedures to enhance the safety of the dams under the agencies' jurisdiction. The committee will be concerned with the agencies' administrative and technical practices related to dam safety including design, construction, operation, maintenance, periodic inspections, and rehabilitation of dams.

The committee will be advisory to the Secretary and to agency heads.

**4. MEMBERSHIP**

The committee is to consist of the dam safety officers appointed by the agency heads of the Rural Housing Service, Forest Service, Rural Utilities Service, Agricultural Research Service, and the Natural Resources Conservation Service (NRCS).

The Under Secretary of Natural Resources and Environment will be the Chairperson. The Dam Safety Officer for NRCS will be the Executive Secretary.

## 5. DAM SAFETY OFFICERS

Each of the member agencies is to name a dam safety officer. The responsibility of the position is to see that the agency, as a matter of policy and in actual practice, makes every reasonable and prudent effort to enhance the safety of the dams under the agency's jurisdiction. Duties should include surveillance and evaluation of the agency's administrative and technical practices related to dam safety concerning the design and construction of new dams and the operation, maintenance, periodic inspections, or rehabilitation of existing dams. The dam safety officer is to make recommendations for strengthening safety practices and procedures and to maintain an inventory of agency dams.

The dam safety officer is to report directly to the agency head on matters of dam safety. The officer is to function as an advisor to the head of the agency and through the head of the agency to the administrative and technical units.

## 6. DEPARTMENT OF HOMELAND SECURITY (DHS)

The Chairman is to be the primary contact with DHS dam safety. The Executive Secretary is to participate in DHS activities and represent the Department in the Chairman's absence.

The Executive Secretary is to be the contact with DHS in technical matters.

All other agency dam safety officers can fully participate in the technical activities with DHS at their agency's discretion.
